APPRAISAL FAQS

Question: When can I order an Appraisal?

Answer: As soon as the borrower(s) sign an intent to proceed (Per the TRID Regulation). The LON system will automatically populate the date once all the borrowers have eSigned their disclosures. An error will show up if ITP is missing and system will not allow appraisal order to be placed.

Question: When are 3rd party valuation or 2 Appraisals needed?

Answer: These requirements differ by product, see details below per product. [Check guidelines for requirements for all other products and all other appraisal requirements.](#)

1. **PRIME Connect** - Loan amount \geq \$2,000,000 and $>65\%$ LTV/CLTV - 2 Appraisals.
2. **PRIME & PLUS Connect** -
 - All loans require a 3rd party valuation product (i.e., Desk review/CU/AVM) as determined and ordered by ClearEdge.
 - The original appraisal report value is used when the review product is $<10\%$ of the appraised value.
 - $>10\%$ review variance will require a hybrid appraisal or a full 2nd appraisal.
 - Lowest value of the hybrid appraisal or full 2nd appraisal report and the original appraisal report will be used as the subject property value.
 - When two appraisals are required, they do not require a separate review product. Lowest value of the two appraisals is used as subject property value.
 - CU score of 2.5 or lower, no 3rd party review
 - HPML flips require 2nd full appraisal
 - When two appraisals are subject to completion or inspection, only one 1004D or equivalent is required
3. **Investor Connect** - Refinance transactions require 2 appraisals for $>\$2$ million loan amount.
 - All loans require a 3rd party valuation product (i.e., Desk review/CU/AVM) as determined and ordered by ClearEdge.
 - The original appraisal report value is used when the review product is $< 10\%$ of the appraised value.
 - $>10\%$ review variance will require a hybrid appraisal or a full 2nd appraisal.
 - Lowest value of the hybrid appraisal or full 2nd appraisal report and the original appraisal report will be used as the subject property value.
 - CU score of 2.5 or lower, no 3rd party review.
4. **PRIME Jumbo Connect** – Rate/Term Refinance $>\$2,000,000$ loan amount - 2 Full appraisals.
 - CU accepted if 2.5 or lower.
 - If CU exceeds 2.5, Clear Capital AVM is required.
 - AVM must (i) be within 10% and (ii) have an FSD score of .13 or lower.
 - If AVM does not meet both requirements, a Clear Capital CDA is required.
 - CDA must be within 10% of appraisal value or purchase price.
 - CDA outside of 10% variance requires a field review.
 - When two appraisals are required, they do not require a separate review product. Lowest value of the two appraisals is used as subject property value.

Question: Who orders the Desk Review?

Answer: This is an internal Desk Review ordered by your **Loan Account Manager (LAM)** as soon as you provide the Appraisal. No fees are charged to you, or your borrower and Desk Reviews are subject to turn times.

Question: I do not agree with the Appraisal and would like to request a Reconsideration of Value (ROV), or I need revisions, what do I do?

Answer: For appraisals ordered in Appraisal Shield, those revisions should also be requested in **Appraisal Shield**. If a rebuttal of value is needed, fill out the appropriate **Reconsideration of Value (ROV)** form based on AMC and submit to appraisalreports@clearedglending.com for approval.

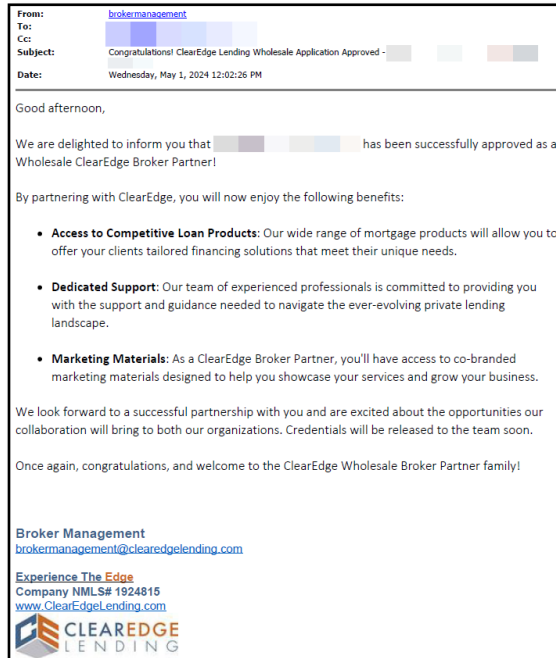

Forms can be found on the [ClearEdge Lending Website](#) on the [AMC Partners](#) page.

COMPENSATION INFORMATION

Details regarding Borrower Paid vs Lender Paid Compensation.

BROKER COMP QUICK REFERENCE

BORROWER PAID COMPENSATION

Points will be disclosed and paid by the Borrower as closing cost disclosed on LE and CD.
BPC can vary from loan to loan.
BPC cannot be greater than current LPC election.
BPC and Fixed Fee combination cannot be greater than LPC.
If BPC is disclosed as a flat fee, it cannot be increased for any reason, even if the loan amount increases.
Seller Concessions can be applied to BPC.
A Processing Fee is allowed and must be reasonable and customary.
Broker can reduce the compensation only if approved by Compliance and it is to defray the cost of an unforeseen settlement cost.
The premium credit given to the Borrower for the rate selected may not be used to pay BPC but may be used for closing costs.
If initial LE comp is disclosed as a percentage, it needs to stay a percentage through life of loan. Same if disclosed as a flat fee, should stay flat fee through life of loan.
A loan with BPC may not switch to LPC. A new submission as LPC would be required.
Business Purpose Loans Combined Compensation – Revised Maximum Total Broker Compensation to 5% for all Business Purpose Loans. Can use any blend of BPC and Combined Compensation YSP to comprise the 5% Maximum Compensation for 1 st and 2 nd Liens. Below are a few examples for illustration: Example 1: <ul style="list-style-type: none">- Charging 5% BPC- May not capture additional YSP in Combined Compensation Example 2: <ul style="list-style-type: none">- Charging 4% BPC- May capture an additional 1% YSP in Combined Compensation (if available via pricing) Example 3: <ul style="list-style-type: none">- Charging 2% BPC- May capture an additional 3% YSP in Combined Compensation (if available via pricing)

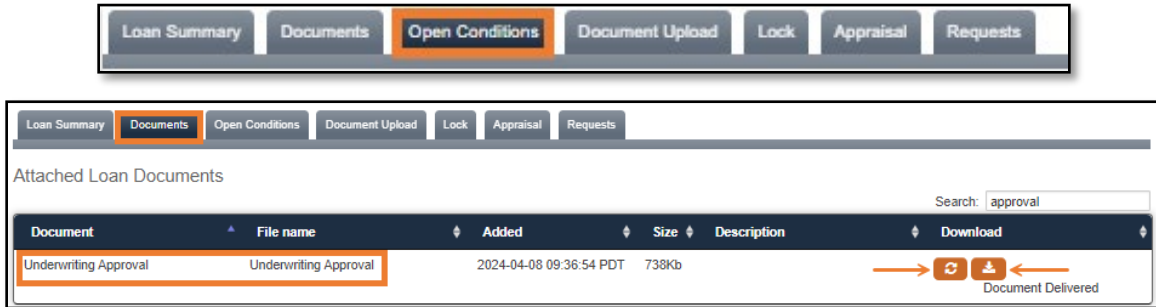

LENDER PAID COMPENSATION

Broker compensation is paid via rate therefore no points will be disclosed on the LE or CD. Discount points due to the lender may be disclosed.
The LPC compensation plan cannot vary from loan to loan.
LPC election may be changed monthly. Any changes submitted will be effective on the first of the month following the date the amended election form is submitted. The change will not affect any loans submitted prior to the effective date of the change.
A Contract Processing Fee is allowed if a true third-party processing company licensed in the Subject Property State, verified via NMLS.
LPC + In-house processing fee is allowable only on business purpose loans (DSCR).
Broker cannot reduce the compensation to cure compliance scenarios.
Any Premium credit must be credited toward closing costs – no cash credit allowed.
Seller credits cannot be used to compensate the originator. Seller credits can be applied to discount points.
A loan may switch from LPC to BPC at the same compensation or lower compensation if addressing an unforeseen settlement cost.
A fully complete Anti-Steering Disclosure is required for each loan closing under LPC.
